In addition, if Customer or the end-user on whose behalf Customer is providing RMA, Services or other Services is designated a Denied Party, Specially Designated National, on the Entity List, or otherwise subject to an export license requirement after this agreement, then Fortinet may terminate or suspend, in its sole discretion, any and all Services related to Product or Services exported without full compliance with applicable export laws. For additional information on U.S. export controls see www.bis.doc.gov. Fortinet assumes no responsibility or liability for Customer's or partners' failure to obtain any necessary import and export approvals. Customer represents that neither the United States Bureau of Industry and Security nor any other governmental agency has issued sanctions against Customer or otherwise suspended, revoked or denied Customer's export privileges. a waiver of future enforcement of that or any other provision. The exercise by either party of any remedy under this Agreement will be without prejudice to its other remedies under this Agreement or otherwise. If for any reason a court of competent jurisdiction or an agreed-upon arbitrator finds any provision of this Agreement, or portion thereof, to be unenforceable, that provision of the Agreement shall be enforced to the maximum extent permissible so as to affect the intent of the parties, and the remainder of this Agreement shall continue in full force and effect.
